Teachers' notes.

These worksheets have been written by serving teachers and Fire Service personnel. The intention is that they are simple and attractive to use – child friendly. Behind every worksheet lies the same life saving message:

GET OUT - STAY OUT - CALL US OUT.

The worksheets have all been referenced to the Curriculum 2000. To save printing costs at schools, each sheet can be printed from the PC and photocopied either in colour or black and white.

The e-mail addresses mentioned on certain pages are live. Please encourage your children to use them – we want to hear from your school! This is also part of the Curriculum 2000, certainly covering communication skills in ICT!

To find the worksheet you need, simply click on the button at the end of each title. You will be taken straight there.

By using these worksheets alongside the web site, the Fire Service hopes that you, as a teacher, will have extension activities for your children. Through this cross -curricular use of ICT we intend that children become more aware of fire safety issues.

ICT work sheets:

1. Early Merthyr
2. Photo challenge

Record of deaths from fires in Merthyr

Enter the data below into a Spreadsheet.

- Use a formula to calculate the deaths for each year.
- Use a formula to calculate the total number of deaths.
- Can you also use your spreadsheet to calculate the average number of deaths per annum?

Ages	1-5	6-15	16-25	26-35	36-45	46-55	56-65	66-75	Totals
1889	2				1				
1890	5	1	1	1		1			
1891	3	1	1	1		1	1		
1892	4	1	4			1			
1893	2								
1894	5	7	3						
1895	3	1	1			1	1		
1896	2	2	3	1	1		1	1	
1897	7	3	1	1		1	1		
								Total deaths	
								Average number of Deaths per annum	

Name..... Date..... Year.....

Photo Challenge.

In school you may find:

Fire doors	
Push-bar exits	
Break-glass alarms	
Hose reels	
Extinguishers	
Green running man signs	

Try this for a challenge! First of all, do a survey of your school and then fill in the table. Easy?

OK!

Now take a photograph of one of the items, scan it and send it to C.J.

If you have use of a digital camera, attach it to an e-mail and send this to C.J.

The e-mail address is on the address page of the ‘Web site’.
